New Structure Underway at Naber's Corner Marks Fast Growth of Area

Work was started last week on Antioch's newest addition to the commercial community, when ground was broken for a modern 36 x 58-foot masonry structure at Naber's Corner.

Shooting for a Feb. 1 completion date, Bernard Osmond, developer, announced today that the structure will house Jacques's Beauty Shop, now located on the southwest corner, junction highways 59 and 173. The structure will be of modern masonry, featuring a 12 x 32-foot canopy to protect the entryway. Addition of the new structure adds to the swift development of the shopping area by the Osmond firm the past few years. Other new structures in the area are occupied by IGA Grocers, Ace Hardware, Modern Living, Wilson's Laundromat and Shoes by George. Architect for the project is Huebner & Henneberg, Evanston firm

Two Silver Lake Youths Injured in Rural Auto Accident

Silver Lake—Two Silver Lake youths were injured in an accident on County Trunk FR, just north of County Trunk F last week. Injured were Lynn Thornton, 17, who received a cut chin and head bruises, and James Schmalfeldt, 16, who suffered severe shoulder bruises. The accident occurred when a car driven by Thornton plunged off Trunk FR, and traveled 50 paces over rough terrain before coming to a halt.

Set Schedule Of CD Alerts For Antioch

Antioch has joined other villages in the county and across the nation in a series of defense practice alerts designed to perfect the area's civil defense efforts, John L. Horan, Civil Defense Director, has announced.

The practices are to acquaint the public with the use of siren signals as an alert in connection with civil defense, Horan said.

The alert will be put into effect at 10 a. m. each Saturday morning on the dates listed: Dec. 31; Jan. 14 and 28, Feb. 11 and 25; March 11 and 25; April 15 and 29, May 13 and 27, and June 10 and 24.

Signals will be sent to the defense director, police and fire departments direct from the Lake County sheriff's office.

In connection with civil defense, the Lake County board of supervisors last week voted an ordinance providing for "continuity of the administrative and legislative functions" of county government in case of an attack. During such a period, the ordinance says, the seat of Lake County government may be relocated within or without the territorial limits of the county in a site labeled "most convenient and secure."

Fox Valley Group Acts on Flooding

SALEM, Wis. — A citizen committee seeking government help in controlling flooding in the Fox Valley is currently circulating petitions for presentation to Rep.-elect Henry Schadeberg.

William F. Dombrow of Salem, head of the group, said the renewed effort to secure assistance through the U. S. Congress stems from a recent meeting with representatives of the Wisconsin Public Service Commission.

The current movement, according to Dombrow, is a result of dissatisfaction with the results of the PSC hearing.

Members of the newly formed flood control committee are Paul Lohaus, Henry Reamer, Louis Drilling and William Brendell, all residents of the flood affected area.

Col. J. A. Smedile, district engineer for the U. S. Army Corps of Engineers, has called a hearing in the Elgin (Ill.) City Hall for 10 a. m. Jan. 24 to secure information on flood damage in the past, the character of flood control improvements desired and the degree of co-operation local interests are prepared to furnish.

\$437,000 Sewer Proposal Up to Voters Jan. 20

SALEM, Wis. — Electors of Salem Township will vote Jan. 20 on the proposed installation of a sewage disposal system for the township, with an estimated price tag of \$437,000.

Date for the referendum was set at a meeting of the Salem Township Sanitary Sewer Utility District.

Voting in the referendum will be held from 10 a. m. to 8 p. m. at the Salem Fire Station.

Earl Elfers, Salem Town Chairman, was chairman of the meeting, attended by about 150 residents of the district, and by all town officials and members of the recently appointed sewer district board.

Members of the board are Robert Janssen, Alfred Schmidt, Gordon Gus Conrad and Jasper McCormick. Elfers said that if voters of the area approve the sewage plant, the township will advertise for bids and take the necessary bonding steps to get construction started in 1961.

If the proposal is voted down, Elfers said, town officials will be required to take steps to see to it that the private sanitary systems in the area are cleaned up to avoid continuing pollution of Hooker Lake and ground areas in the township.

Deadline Near For Yule Home Lightup Test

Only five days remain for entries in the 1960 Home Decorating contest, Moose sponsors of this traditional event announced today.

Deadline for entries has been set for 6 p. m. Tuesday, immediately prior to judging. Homes in Antioch will be judged automatically. Moose officials announced, and other entries must be mailed to Robert Avery, Moose Home, 884 Main st., Antioch, or Mrs. Joseph Gutowski, Rte. 3, Box 448-E, Antioch.

Judging will begin promptly at 6 p. m. Tuesday. All persons who entered must have homes or yards lighted that night so judges can view the decorations while traveling about the city in autos.

Judges will be appointed soon, according to Louis Gutowski, Civic Affairs chairman for the Moose.

The prize list will include: Gold bon bon dishes for first and second-place winners; a hand-painted dish for third place.

American Legion Post 748, Antioch, has completed its flag program of giving new 50-star all-weather flags to schools in the area.

Recent flag presentations were made to Antioch Township High School, Hickory, Oakland, Emmons, Grass Lake, Channel Lake, Antioch Grade and St. Peter's Parochial.

In announcing the program, John Horan, post commander, revealed that the Post now has 125 members.

He also announced the addresses of ill vets, members of the post: Willie Thiemann, 2001 South, Downey Hospital, Downey, Ill.; Edward Holmes, Ward 1-B, North, Room 146, Hines Hospital; Joseph N. Fernandez, Ward 10 SI, Woods Veterans Hospital, Woods, Wis.

White Christmas Predicted Here

The front of a snow storm extending from the Colorado plains through the Great Lakes Region, dumped inches of snow on the area last Tuesday and Wednesday, to officially herald the opening of winter and giving promise of a white Christmas.

While Antioch and the lakes region recorded slightly less than an inch of snow, other areas of greater Chicagoland didn't get off so lightly, with up to 10-12 inches reported in south and southwestern suburbs, extending from Mount Prospect south.

Merchants and business houses of Antioch and vicinity take this opportunity to wish residents the very best of the season. For their personal messages, turn to second section, this issue.

Post Office Tackles Huge Flow of Mail

Today was the "moment of truth" for tardy Christmas mailers for if they haven't deposited Yule greetings with the local post office at this reading, they may have to deliver them personally by pony express.

Not that Postmaster Roy Kufalk isn't willing. It could be, he just doesn't have the horses.

Now nearing the end of one of the busiest seasons in his tenure as postmaster, Kufalk hasn't had time, nor has his busy crew, to gather facts and figures as to volume of mail during the current Christmas rush. But his educated guess puts it far above last year's volume when cancellations went as high as 30,000 over a five-day period.

To cope with the mounting stream of mail, Postmaster Kufalk added a second man on the street, and has his workers going virtually 'round the clock.

Despite the fact that Christmas is only a few days off, the pace of outgoing mail has not slackened much, he revealed. Hundreds of persons have queued up daily for stamps, and many with packages to mail.

Complicating the usual pre-Christmas week, he explained is the fact that tons of mail has been held up in the east because of last week's storms. Mail bottled up in the east is being airlifted out and hitting the Chicago area by the tons.

Add to this the normal procrastination of John Q. Citizen, and it spells last-minute rushing all around.

Postmaster Kufalk assured residents, however, that the mail will continue out as fast as it is received with things under control.

If the situation so calls, Christmas Day delivery can be arranged, he promised.

Vandals at Work

Sheriff's deputies are on the lookout for vandals who recently damaged several homes under construction near Antioch. Windows in the homes in the Channel Lake Shore subdivision were broken with BB pellets.

Disposal and Water Mains In Planning

Village Board members, deep in the midst of seeking a solution to the knotty problems of planning for expansion of necessary village installations, met in special session here Tuesday to mull several methods of financing proposed projects.

Board members also tentatively set a second special meeting between now and the holidays to pursue the matter further.

To be financed will be development of an activated sludge type of sewage disposal system incorporating the trickling filter system now in use and revamp of certain sanitary and water mains.

The program envisions a sewage disposal system to serve a population up to 5,000, with an estimated total cost, including certain mains, set at approximately \$525,000.

Plans for the program will be submitted to the State Public Health Service for approval, and application for federal aid will be made. This aid would approximate \$64,000. The federal government pays the cost of sewage treatment plants up to \$250,000 or 30 per cent, whichever is less. For Antioch, the 30 per cent figure would be handled by the government.

Also facing village officials in the months ahead are decisions on planning for orderly growth for Antioch.

The firm of Everett Kincaid & Associates, Inc., Chicago, conducted a "land use survey" on which the Antioch Planning Commission can base future programs. The survey called for presentation of the economic base study next month and a preliminary plan for future growth to be ready in February.

\$310,000 for Lake County Roads Approved by Board

In action last week, county supervisors approved a proposal to spend \$310,000 on Lake County bituminous roads during 1961. Involved are 183.73 miles of roads.

In other action, supervisors approved funds for:

1. Motor Fuel Tax funds of \$20,000 for grading and basing Butterfield Rd. from Rte. 21 to Rte. 176, Libertyville Township.
2. Federal and MET funds of \$40,000 for Diamond Lake Rd. from Volo-Gilmer Rd. to Rte. 50A, Vernon and Fremont Townships.
- (3) Federal and MET for Deep Lake Rd. from Rte. 173 to North Avenue, Antioch Township.

A probationary driving permit has been issued to Nils G. Strom, PR4, Lake Villa, according to the office of Charles F. Carpentier, secretary of state.

Tax Forms to Be Mailed Soon

Federal income tax forms for 1960 and instructions will be mailed to 4,200,000 taxpayers in the Chicago District of the Internal Revenue Service, including the Antioch area, in late December and early January, district director Harold R. All, announced today.

Supplies of the forms are now available in the IRS office at 22 W. Madison Street, 13th floor, for tax practitioners and others who require advance forms to meet their filing requirements, he said.

Director All explained that the mailing operation for individual income tax returns will follow the pattern used in the past. Each taxpayer will receive one of three forms—1040, 1040W or 1040A—depending on the type of return he filed in 1959. Most taxpayers will find that the form they receive will be adequate for their 1960 income and other reporting requirements and they will be able to complete and file those forms.

For those whose tax situation requires a different form, necessary material is available at Chicago branch offices at 6 N. Hamlin Ave., 3256-N. Pulaski Rd., 4802 N. Broad-

way St., 7949 S. Ashland Ave., 5020 S. Harper Ave., 7919 S. Cottage Grove Ave., and 817 W. Exchange Ave.

Material is also available at 325 W. Washington St., Waukegan.

In announcing availability of tax forms and instructions, director All also called attention to important changes, provided by recent legislative enactment, liberalizing requirement for filing declarations of estimated income tax Form 1040-ES, for 1961 and later years.

Under the provisions of the new law, a declaration of estimated income tax will not be required if the estimated tax liability can reasonably be expected to be less than \$40. The new law also changes the gross income tests applied in determining whether a declaration must be filed. The changes are:

- (1) Increase in the non-wage test (income not subject to withholding tax) from \$100 to \$200;
- (2) Elimination of the test which required a taxpayer whose estimated non-wage income exceeded \$100; to file a declaration of estimated tax where his gross income was expected to exceed \$400 plus \$600

multiplied by the number of exemptions to which he is entitled; (3) Revision of the \$5000 and \$10,000 tests, which previously applied only to gross income received from wages subject to withholding tax and not more than \$100 of other income, so that they now apply to total gross income regardless of the source.

Under the new law it will still be necessary for a taxpayer to compute his estimated tax if his estimated gross income:

- (1) Exceeds \$5000 and he is single (not a head of household or surviving spouse), or married but not entitled to file a joint declaration;
 - (2) Exceeds \$10,000 and he is a head of household or a surviving spouse;
 - (3) Exceeds \$5000 and he is married and entitled to file a joint declaration and the combined estimated gross income of the taxpayer and his spouse exceeds \$10,000; or
 - (4) Includes more than \$200 of income not subject to withholding.
- After having computed his estimated tax, the taxpayer must file a declaration if his estimated tax is \$40 or more.

DEAR READER News Editorials

The Story of Christmas

In those days a decree went out from Caesar Augustus that all the world should be enrolled. And all went to be enrolled, each to his own city.

And Joseph also went up from Galilee, from the city of Nazareth, to Judea, to the city of David, which is called Bethlehem, because he was of the house and lineage of David, to be enrolled with Mary, his betrothed, who was with child. And while they were there, the time came for her to be delivered. And she gave birth to her firstborn son, and wrapped him in swaddling cloths, and laid him in a manger, because there was no place for him in the inn.

And in that region there were shepherds out in the field, keeping watch over their flock by night. And an angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were filled with fear. And the angel said to them,

"Be not afraid; for behold, I bring you good news of a great joy which will come to all the people; for to you is born this day in the city of David a Savior, who is Christ the Lord. And this will be a sign for you; you will find a babe wrapped in swaddling cloths and lying in a manger."

And suddenly there was with the angel a multitude of the heavenly host praising God and saying,

"Glory to God in the highest, and on earth peace among men with whom he is pleased!"

Christmas

(Antioch News, Dec. 24, 1959)

Christmas! Depending upon your age, it thunders upon you with a gallop of time or creeps apace, minute by slow minute. Then, suddenly, it is the day, and by far the greatest day of the calendar.

Christmas is a rushing, roaring surging in the streets. It is a bewilderment of chilled, pinch-nosed Santas clanging their off-key bells. It is frantic search, weary feet, tired clerks, and an elevator closing in your face. It is bundles, boxes, paper, string, bags, envelopes, packages in a wild deluge.

It is five-and-dime glitter, fake candy canes, fire proofed garlands. It is a papier mache child in a chromium-framed, neon-lit window. It is the old, old songs worn to meaninglessness by an incessant electronic repetition.

It is a high school dance and mistletoe and a stolen kiss. It is an electric train clattering off the rails, a new doll to hold and love. It is a tree too tall to measure, a brilliant shimmer of colored light as bright as the ancient star. It is a mystery and an awesome bearded man flying through the night.

Christmas is aunts and uncles and cousins and my-it's-nice-to-have-the-family-together. It is making cookies and cracking walnuts. It is lighted windows and warmth and a wreath on the door. For some it is a cold wind swirling down a dark street and a loneliness too poignant to bear.

Christmas is the silent snow settling on the roofs of the world. It is a bright fire and the clear sweet call of the carol on the frozen air. It is homemade costumes and a pageant of three wandering kings. It is old Scrooge reborn. It is a vast hush in the midnight heaven and the majestic well of a church chorus.

Christmas is a dream, and the dream is glory to God in the highest and on earth peace good will toward men. The dream that began with a child shines on this day as bright as a child's dream. It is the dream that comes true once each year for a day. And that day is Christmas.

Life of Christ To Be Shown in 12-Film Series

The most detailed depiction of the life of Christ ever filmed, just completed after four years in production, is to be presented in 12 episodes of 30 minutes each by the Community Methodist Church on Sunday afternoon and evening, starting Jan. 8.

Rev. Gerald Robinson, minister, said a panel of prominent speakers will conduct discussion groups and give supplementary background and interpretations. He said this would be one of the first showings of the complete motion picture series in this community.

"This Living Christ series was photographed in full color," Rev. Gerald Robinson said. "cast includes more than 200 speaking parts. Never in the history of church teaching have people been offered the opportunity to get so complete a political, economic and religious background of the greatest story ever told."

The Living Christ series is the top achievement of Cathedral Films, producer of "The Life of St. Paul," "I Beheld His Glory," and the theatrical feature-length film on the life of Christ, "Day of Triumph." Beginning with the prophecies of Isaiah during the reign of Hezekiah, it is a complete pictorial account of events from the nativity through the crucifixion and the resurrection.

The panel of speakers includes Rev. Loren Messersmith, Millburn Congregational Church; Rev. Robert Prinzing, Lakeland Baptist Church; Rev. Wallace Anderson, Antioch Methodist Church; Rev. Raymond

Courthouse Notebook —

BY LOU DURKIN

A major legal obstacle in the path of construction of a new courthouse to consolidate Lake County governmental functions was hurdled last week when Judge William R. Dusher, of Rockford, finally entered his ruling on the legality of the transfer of Courthouse Square to the Lake County Public Building Commission.

Now all Waukegan Supervisor August Capon and his fellow members of the building commission have to do is get some money from the county board, hire an architect, decide what kind of a building they want for the kind of money that's available and then proceed with the building.

Of course there are still a few minor obstacles such as concurrence among the board members that the courthouse should remain at its present site and satisfying such groups as the Daughters of the Grand Army of the Republic that construction of a new courthouse on the present site won't desecrate the area around the Soldiers and Sailors monument.

We would like to suggest that plans for the new courthouse incorporate the monument and also be designed to retain the handsome trees around the square as much as possible.

We would also like to suggest that the plans make provision for the county's assuming many of the duties now carried on by the townships in preparation for the day when there will be no more townships in Lake County.

Lake County lost one of its finest citizens and leaders last week with the death of the beloved Judge Sidney H. Block, a fine lawyer, a compassionate jurist, and a gentleman.

Judge Block's ability as an attorney was recognized far beyond Lake County and he had the respect of thousands of fellow-attorneys. As a judge he not only brought a thorough knowledge of the law to the bench, but also compassion for the frailties of his fellowman.

Patience, consideration, and tolerance are essential ingredients in the makeup of a jurist and in these Judge Block was well-supplied. Lake County will miss him.

One of the harsh realities of political life is that the show must go on and even while people in Lake County were recovering from the shock of Judge Block's untimely death the wheels in the political machinery in Lake County were beginning to turn to pick his successor.

Potential successors observed the amenities while expressing their regrets, but their emissaries wasted little time in sounding out the GOP precinct committeemen who will select a nominee for the special election to be held in April.

The precinct committeemen really come into their own at this time because they are the men who pick the candidates for the most important judicial post in the county.

Most of them will be playing their roles to the hilt in the coming party convention because this power will be taken from their hands if the long-sought judicial reform is approved by the electorate in the next election, assuming of course that the proposition is submitted to the voters again as expected.

And speaking of judicial elections the upcoming justice of the peace balloting should drive some deep schisms into the Republican Party in Lake County with some disgruntled candidates, by-passed by the party caucuses in each judicial district, getting into the fight as Independents. No doubt the Democrats will select one candidate for each district and count on a split over Republican votes to give them one of the posts in each district.

This could mean the beginning of a revitalized Democratic Party in Lake County.

And with that happy thought to mull over we take this opportunity to wish you all a Merry Christmas and a Happy New Year.

Fast-Thinking Santa on Spot When Padding Shifts and Cubs Are Happy

By Mrs. Pearl Kapell
CHANNEL LAKE — The Cub Scouts of Pack 86 had a joint pack meeting and Christmas party at the school Dec. 18. Cubmaster John Eckert having lost his voice, Leo McKinney took over the presentation of awards and announcements.

Opening ceremonies were performed by Den 4. Wolf badges were presented to Mike Dowell and Timmy Trussell. Anniversary awards went to Bruce McKinney, Mark McKinney, Mike Dowell and Tim Trussell. This gives the pack 100 per cent representation in the winning of Anniversary awards. Bobcat pins went to David Spencer and Randy Roberts.

Leo Franks then played Christmas songs. The theme of the meeting being

"Guiding Stars," Lee and Raymond Franks had constructed a mobile of the planets, with a contribution from each Cub Scout. Each Cub had made a star with his name on it, which was added to the mobile.

Highlight of the evening was the appearance of Santa Claus, with gifts for each child. Here some slight difficulties were encountered. Cub leaders had arranged for Santa to appear, but Santa was swamped with work and sent word he couldn't be present. So Victor Rogers was pressed into service to substitute for him. A Santa suit was found, but Victor being a slim lad, the school's basketballs were pre-empted to give him the necessary padding. Unfortunately, during his activities in presenting gifts, the substitute Santa's belt opened and he lost weight in a hurry. Santa excused himself momentarily, explaining to the children that he had a stomachache. At the close of the meeting refreshments were served by Den 2.

Cubmaster John Eckert thanked the Jay's Potato Chip Company for donating enough bags of potato chips to give one to each child present at the Christmas party. The next Pack meeting will be at the John Eckert home on Jan. 13. The next Pack meeting is Jan. 27. Mr. Eckert has been notified that Pack 86 has qualified for the Presidential streamer. This streamer is given to each Scout troop or pack of which 50 per cent or more of its members have qualified for the Fiftieth Anniversary Award. The streamer will be presented at the next Scout Round Table.

The Brownies of Troop 74 received the promotions and awards they have earned and presented a program at the meeting of the Channel Lake Community Club on Tuesday, Dec. 13. The program was presented in appreciation of the Club's sponsorship of the Brownie organization.

Mrs. Lucile Eberman announced that each Brownie would be dressed to represent a vocation. The audience was to guess each girl's occupation, assisted by a poetic clue read by Mrs. Eberman to introduce the girls. Sixteen professions were represented, but two of the Brownies were absent because of illness—Sue Hessian and Karen Voskuil.

The 14 present were Patty Wimbs, Kathy Irmen, Colleen Ward, Patty Burnette, Wendy Eberman, Debby Hessian, Joelyn Roczninski, Carla Reynolds, Kathy Eckert, Jean Dowell, Gail White, Kathleen Chase, Alicia Bierman and Mary Wiczorek. The prize, Christmas tree ornaments made and decorated by the Brownies, was won by Mrs. Matt Wiecek. Brownie Leader Lois Ward, in her zeal to make sure everything was in order, brought the prize to school the day before, and it was safely locked in the janitor's closet for the night. But Mrs. Wiecek was promised early delivery of her prize.

Mrs. Ward presented Brownie pins to five girls—Kathy Irmen, Jean

Dowell, Patty Burnette, Mary Wiczorek and Patty Wimbs. World Association pins were presented to the same five girls.

One-year stars went to Colleen Ward, Joelyn Roczninski, Debby Hessian and Alicia Bierman. Sue Hessian had earned her wings and a one-year star, but was not present to receive them.

At the conclusion of the Brownie ceremonies, a short business meeting was held by the Club. Boy Scout leader Ray Atwood reported that Troop 86 had had more advancements in 1960 than any other Scout troop in the Northwest Council. At the close of the meeting, refreshments were served.

The Little Orchard Riders, a group of enthusiastic equestrians, had a Christmas party at Sail Inn on Saturday night. Some 32 members were present. Grab bag gifts were exchanged.

Mrs. Susie Curtis, mother of Mrs. Evaleen Wimbs of Maple Avenue, has been a patient in Zion Hospital for the last two weeks.

The Brownies of Troop 74 have been very busy of late making Christmas gifts. Besides making gifts for their parents, they have made favors for the children who are patients in Victory Memorial Hospital.

Jack Lawrence of Channel Lake Bluffs is home for the holidays, on leave from the army. "Chip" Eberman, son of Mr. and Mrs. Elmer Eberman, arrived home Saturday for Christmas vacation from the Maritime Academy in New York.

At a meeting of the Board of Review of the Boy Scouts at the Channel Lake School on Dec. 12, John Patterson advanced to First Class and Bill Skelton to Second Class. The members of the Women's Auxiliary of Troop 86 welcome new members—any interested women of the neighborhood can call Mrs. Russell Roepenack, Mrs. Harry Dowell or Mrs. Blaine Ring.

The meeting of the Channel Lake P. T. A., held Wednesday, Dec. 14, was brightened by the performance of a chorus composed of upper-grade girls, conducted by Randall McConahey. The girls sang Christmas carols, interspersed with readings from the scriptures.

Mrs. Jean Soby's room won the room count for the most parents present. Elmer Meierdick invited all present to attend the open meeting of the Board of Education Tuesday, Dec. 20, to hear the discussion of the proposed referendum for the building of a gym. It was announced that the P.T.A. will present a minstrel show in April. All P.T.A. members were invited to attend the Boy Scout Christmas party to be held at the Channel Lake school Monday, Dec. 19.

DEAR READER News Editorials

The Story of Christmas

In those days a decree went out from Caesar Augustus that all the world should be enrolled. And all went to be enrolled, each to his own city.

And Joseph also went up from Galilee, from the city of Nazareth, to Judea, to the city of David, which is called Bethlehem, because he was of the house and lineage of David, to be enrolled with Mary, his betrothed, who was with child. And while they were there, the time came for her to be delivered. And she gave birth to her firstborn son, and wrapped him in swaddling cloths, and laid him in a manger, because there was no place for him in the inn.

And in that region there were shepherds out in the field, keeping watch over their flock by night. And an angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were filled with fear. And the angel said to them,

"Be not afraid; for behold, I bring you good news of a great joy which will come to all the people; for to you is born this day in the city of David a Savior, who is Christ the Lord. And this will be a sign for you; you will find a babe wrapped in swaddling cloths and lying in a manger."

And suddenly there was with the angel a multitude of the heavenly host praising God and saying,

"Glory to God in the highest, and on earth peace among men with whom he is pleased!"

Luke 2

Christmas

(Antioch News, Dec. 24, 1959)

Christmas! Depending upon your age, it thunders upon you with a gallop of time or creeps apace, minute by slow minute. Then, suddenly, it is the day, and by far the greatest day of the calendar.

Christmas is a rushing, roaring surging in the streets. It is a bewilderment of chilled, pinch-nosed Santas clanging their off-key bells. It is frantic search, weary feet, tired clerks, and an elevator closing in your face. It is bundles, boxes, paper, string, bags, envelopes, packages in a wild deluge.

It is five-and-dime glitter, fake candy canes, fire proofed garlands. It is a papier mache child in a chromium-framed, neon-lit window. It is the old, old songs worn to meaninglessness by an incessant electronic repetition.

It is a high school dance and mistletoe and a stolen kiss. It is an electric train clattering off the rails, a new doll to hold and love. It is a tree too tall to measure, a brilliant shimmer of colored light as bright as the ancient star. It is a mystery and an awesome bearded man flying through the night.

Christmas is aunts and uncles and cousins and my-it's-nice-to-have-the-family-together. It is making cookies and cracking walnuts. It is lighted windows and warmth and a wreath on the door. For some it is a cold wind swirling down a dark street and a loneliness too poignant to bear.

Christmas is the silent snow settling on the roofs of the world. It is a bright fire and the clear sweet call of the carol on the frozen air. It is homemade costumes and a pageant of three wandering kings. It is old Scrooge reborn. It is a vast hush in the midnight heaven and the majestic well of a church chorus.

Christmas is a dream, and the dream is glory to God in the highest and on earth peace good will toward men. The dream that began with a child shines on this day as bright as a child's dream. It is the dream that comes true once each year for a day. And that day is Christmas.

Life of Christ To Be Shown in 12-Film Series

The most detailed depiction of the life of Christ ever filmed, just completed after four years in production, is to be presented in 12 episodes of 30 minutes each by the Community Methodist Church on Sunday afternoon and evening, starting Jan. 8.

Rev. Gerald Robinson, minister, said a panel of prominent speakers will conduct discussion groups and give supplementary background and interpretations. He said this would be one of the first showings of the complete motion picture series in this community.

"This Living Christ series was photographed in full color," Rev. Gerald Robinson said. "cast includes more than 200 speaking parts. Never in the history of church teaching have people been offered the opportunity to get so complete a political, economic and religious background of the greatest story ever told."

The Living Christ series is the top achievement of Cathedral Films, producer of "The Life of St. Paul," "Behold His Glory," and the theatrical feature-length film on the life of Christ, "Day of Triumph." Beginning with the prophecies of Isaiah during the reign of Hezekiah, it is a complete pictorial account of events from the nativity through the crucifixion and the resurrection.

The panel of speakers includes Rev. Loren Messersmith, Millburn Congregational Church; Rev. Robert Prinzing, Lakeland Baptist Church; Rev. Wallace Anderson, Antioch Methodist Church; Rev. Raymond

Courthouse Notebook -

BY LOU DUKKIN

A major legal obstacle in the path of construction of a new courthouse to consolidate Lake County governmental functions was hurdled last week when Judge William R. Dusher, of Rockford, finally entered his ruling on the legality of the transfer of Courthouse Square to the Lake County Public Building Commission.

Now all Waukegan Supervisor August Cepon and his fellow members of the building commission have to do is get some money from the county board, hire an architect, decide what kind of a building they want for the kind of money that's available and then proceed with the building. Of course there are still a few minor obstacles such as concurrence among the board members that the courthouse should remain at its present site and satisfying such groups as the Daughters of the Grand Army of the Republic that construction of a new courthouse on the present site won't desecrate the area around the Soldiers and Sailors monument.

We would like to suggest that plans for the new courthouse incorporate the monument and also be designed to retain the handsome trees around the square as much as possible.

We would also like to suggest that the plans make provision for the county's assuming many of the duties now carried on by the townships in preparation for the day when there will be no more townships in Lake County.

Lake County lost one of its finest citizens and leaders last week with the death of the beloved Judge Sidney H. Block, a fine lawyer, a compassionate jurist, and a gentleman.

Judge Block's ability as an attorney was recognized far beyond Lake County and he had the respect of thousands of fellow-attorneys. As a judge he not only brought a thorough knowledge of the law to the bench, but also compassion for the frailties of his fellowman.

Patience, consideration, and tolerance are essential ingredients in the makeup of a jurist and in these Judge Block was well-supplied. Lake County will miss him.

One of the harsh realities of political life is that the show must go on and even while people in Lake County were recovering from the shock of Judge Block's untimely death the wheels in the political machinery in Lake County were beginning to turn to pick his successor.

Potential successors observed the amenities while expressing their regrets, but their emissaries wasted little time in sounding out the GOP precinct committeemen who will select a nominee for the special election to be held in April.

The precinct committeemen really come into their own at this time because they are the men who pick the candidates for the most important judicial post in the county.

Most of them will be playing their roles to the hilt in the coming party convention because this power will be taken from their hands if the long-sought judicial reform is approved by the electorate in the next election, assuming of course that the proposition is submitted to the voters again as expected.

And speaking of judicial elections the upcoming justice of the peace balloting should drive some deep schisms into the Republican Party in Lake County with some disgruntled candidates, by-passed by the party caucuses in each judicial district, getting into the fight as Independents.

No doubt the Democrats will select one candidate for each district and count on a split over Republican votes to give them one of the posts in each district.

This could mean the beginning of a revitalized Democratic Party in Lake County.

And with that happy thought to mull over we take this opportunity to wish you all a Merry Christmas and a Happy New Year.

Fast-Thinking Santa on Spot When Padding Shifts and Cubs Are Happy

By Mrs. Pearl Kapell
CHANNEL LAKE — The Cub Scouts of Pack 86 had a joint pack meeting and Christmas party at the school Dec. 18. Cubmaster John Eckert having lost his voice, Lee McKinney took over the presentation of awards and announcements.

Opening ceremonies were performed by Den 4. Wolf badges were presented to Mike Dowell and Timmy Trussell. Anniversary awards went to Bruce McKinney, Mark McKinney, Mike Dowell and Tim Trussell. This gives the pack 100 per cent representation in the winning of Anniversary awards. Bobcat pins went to David Spencer and Randy Roberts.

Lee Franks then played Christmas songs.

"Guiding Stars," Lee and Raymond Franks had constructed a mobile of the planets, with a contribution from each Cub Scout. Each Cub had made a star with his name on it, which was added to the mobile.

Highlight of the evening was the appearance of Santa Claus, with gifts for each child. Here some slight difficulties were encountered. Cub leaders had arranged for Santa to appear, but Santa was swamped with work and sent word he couldn't be present. So Victor Rogers was pressed into service to substitute for him. A Santa suit was found, but Victor being a slim lad, the school's basketballs were pre-empted to give him the necessary padding. Unfortunately, during his activities in presenting gifts, the substitute Santa's belt opened and he lost weight in a hurry. Santa excused himself momentarily, explaining to the children that he had a stomachache. At the close of the meeting refreshments were served by Den 2.

Cubmaster John Eckert thanked the Jay's Potato Chip Company for donating enough bags of potato chips to give one to each child present at the Christmas party. The next Pack meeting will be at the John Eckert home on Jan. 13. The next Pack meeting is Jan. 27. Mr. Eckert has been notified that Pack 86 has qualified for the Presidential streamer. This streamer is given to each Scout troop or pack of which 50 per cent or more of its members have qualified for the Fiftieth Anniversary Award. The streamer will be presented at the next Scout Round Table.

The Brownies of Troop 74 received the promotions and awards they have earned and presented a program at the meeting of the Channel Lake Community Club on Tuesday, Dec. 13. The program was presented in appreciation of the Club's sponsorship of the Brownie organization.

Mrs. Lucile Eberman announced that each Brownie would be dressed to represent a vocation. The audience was to guess each girl's occupation, assisted by a poetic clue read by Mrs. Eberman to introduce the girls. Sixteen professions were represented, but two of the Brownies were absent because of illness—Sue Hessian and Karen Voskuil.

The 14 present were Patty Wimbbs, Kathy Irmien, Colleen Ward, Patty Burnette, Wendy Eberman, Debby Hessian, Joelyn Roczninski, Carla Reynolds, Kathy Eckert, Jean Dowell, Gail White, Kathleen Chase, Alicia Bierman and Mary Wiczorek. The prize, Christmas tree ornaments made and decorated by the Brownies, was won by Mrs. Matt Wiecek. Brownie Leader Lois Ward, in her zeal to make sure everything was in order, brought the prize to school the day before, and it was safely locked in the janitor's closet for the night. But Mrs. Wiecek was promised early delivery of her prize.

Mrs. Ward presented Brownie pins to five girls—Kathy Irmien, Jean

Dowell, Patty Burnette, Mary Wiczorek and Patty Wimbbs. World Association pins were presented to the same five girls.

One-year stars went to Colleen Ward, Joelyn Roczninski, Debby Hessian and Alicia Bierman. Sue Hessian had earned her wings and a one-year star, but was not present to receive them.

At the conclusion of the Brownie ceremonies, a short business meeting was held by the Club. Boy Scout leader Ray Atwood reported that Troop 86 had had more advancements in 1960 than any other Scout troop in the Northwest Council. At the close of the meeting, refreshments were served.

The Little Orchard Riders, a group of enthusiastic equestrians, had a Christmas party at Sail Inn on Saturday night. Some 32 members were present. Grab bag gifts were exchanged.

Mrs. Susie Curtis, mother of Mrs. Evalene Wimbbs of Maple Avenue, has been a patient in Zion Hospital for the last two weeks.

The Brownies of Troop 74 have been very busy of late making Christmas gifts. Besides making gifts for their parents, they have made favors for the children who are patients in Victory Memorial Hospital.

Jack Lawrence of Channel Lake Bluffs is home for the holidays, on leave from the army. "Chip" Eberman, son of Mr. and Mrs. Elmer Eberman, arrived home Saturday for Christmas vacation from the Maritime Academy in New York.

At a meeting of the Board of Review of the Boy Scouts at the Channel Lake School on Dec. 12, John Patterson advanced to First Class and Bill Skelton to Second Class. The members of the Women's Auxiliary of Troop 86 welcome new members—any interested women of the neighborhood can call Mrs. Russell Roepenack, Mrs. Harry Dowell or Mrs. Blaine Ring.

The meeting of the Channel Lake P. T. A., held Wednesday, Dec. 14, was brightened by the performance of a chorus composed of upper-grade girls, conducted by Randall McConahey. The girls sang Christmas carols, interspersed with readings from the scriptures.

Mrs. Jean Soby's room won the room count for the most parents present. Elmer Meierdick invited all present to attend the open meeting of the Board of Education Tuesday, Dec. 20, to hear the discussion of the proposed referendum for the building of a gym. It was announced that the P.T.A. will present a minstrel show in April. All P.T.A. members were invited to attend the Boy Scout Christmas party to be held at the Channel Lake school Monday, Dec. 19.

The January meeting of the P.T.A. will be an open discussion of the gym referendum, and all residents of the district are invited to the meeting. Refreshments were served at the adjournment of the meeting.

The "A" basketball team of the Channel Lake School defeated Oakland school 37-9 on Tuesday, Dec. 13. Ronny Holstrom, Ted Wozniak and Dennis Heimbrodt were high scorers for the team. The "B" team lost to Oakland, 23-15, with Miles Yanca, Timmy Hucker and Billy Berger as high scorers for Channel Lake.

ANNOUNCING PAYMENTS TO RAMBLER BUYERS AS RAMBLER'S SALES VOLUME INCREASES

Why You Should Join Rambler's New Crusade For Adequate Progress Sharing With Customers

GEORGE ROMNEY
President, American Motors Corporation

Rambler's rise to a top position has put us in position to undertake a new crusade. This program, which could provide greater individual and national benefits than any we've yet undertaken, calls for customer progress sharing.

As volume goes up, costs come down. So, sharing economies that would result from a 50% Rambler sales gain over last year for the period December through March could provide payments to customers of \$18,698,062.

But, before presenting our new Rambler crusade, let me review some highlights of the first one.

When we forged our basic Rambler concepts, U.S. cars were in a size, horsepower and styling-change race that cost the car buyer money. So, we developed the compact, economical, modernly engineered Rambler.

CONSUMER BENEFITS FROM LOWER PRICES

Because of low volume, we had to price our first Rambler Americans about equal with Chevrolet and Ford, traditionally "lowest priced."

As our output and economies increased, we shared the resulting economic advantages with Rambler customers. Despite inflation, we kept prices low. We also concentrated on durability and quality. That is why Rambler expects in trouble-free operation, as shown by trade surveys made by others.

What has this done? It has increased our sales—made us a vigorous new competitive factor, compelling all competitors to introduce compact cars. Their compact cars unquestionably are better buys than their big cars, because their big cars don't have the compacts' advanced engineering.

Despite these moves to meet Rambler competition, Rambler American models are now priced not only below competitive big cars but below their economy compacts as well.

In addition, Ramblers provide customers several exclusive trouble-free

engineering advances such as the acid-proof, rustproof Ceramic-Armored muffler and tailpipe.

The Rambler line includes three basic sizes of compact cars—Rambler American, Rambler Classic and Ambassador, the latter two developed after the original American series.

RAMBLER SALES SOAR

In two years, Rambler's per cent of market has more than doubled. For the last 38 straight months, Rambler sales have established a new record for that month. We want to continue this growth by serving you even better.

THE NEW RAMBLER CRUSADE

Our new Rambler crusade, like our compact crusade, is based on sharing Rambler progress with car buyers.

We believe the new Rambler crusade has timely significance. Our country currently is experiencing a mild economic slowdown—with rising foreign competition and weakness of the dollar. Our larger competitors are considering partial manufacture and importation of cars for the U.S. market from abroad. There is a general profit squeeze.

We believe the greatest single economic cause is that relatively too much of the fruit of industrial effort has been going to a few well organized economic groups, not to the consumer.

CUSTOMERS TO SHARE RAMBLER PROGRESS

We decided there was something we could do. We decided to share future progress with ALL customers who take

HOW PAYMENTS TO BUYERS WILL BE DETERMINED IN AMERICAN MOTORS' CUSTOMER PROGRESS SHARING PROGRAM

IF SALES ARE UP over last year	BUYERS RECEIVE U.S. SAVINGS BONDS (Maturity Value)	BOND PAYMENT SALES LEVELS			
		DECEMBER (Dec. sales)	JANUARY (Dec.-Jan. total)	FEBRUARY (Dec.-Jan.-Feb. total)	MARCH (4-month total)
50%	\$125	45,247	97,671	140,139	195,946
40%	\$100	42,231	91,159	130,796	182,883
30%	\$75	39,214	84,648	121,453	169,820
20%	\$50	36,198	78,136	112,111	156,757
10%	\$25	33,181	71,625	102,768	143,694
SALES FOR SAME PERIOD LAST YEAR		30,165	65,114	93,426	130,631

NOTE: In all cases, "BUYER(S)" means a person who actually takes delivery, not places an order.

WHY IT WILL PAY YOU TO BUY NOW. This unique program is cumulative and retro-active. Early buyers can get more, but never less bonds, than buyers in succeeding months. Your Rambler dealer will be happy to give you the complete details of the plan but here is a quick example of how it works and keeps on working for you:

If December Rambler deliveries increase 20% over last December, December buyers of new Ramblers or Metropolitans will receive \$50 bonds. As the four-month period progresses, additional bonds will be mailed to the December buyers each time the cumulative sales reach a higher bond payment sales level.

Also, if sales increase for the four-month period exceeds 50%, proportionate additional payments will be made to all buyers during any of the four-months.

delivery of a new Rambler or new Metropolitan between December 1, 1960, and March 31, 1961, from an authorized Rambler dealer (excluding governmental sales), giving them most of the benefit of additional cost reduction resulting from further increases in Rambler sales volume.

This can mean a sharing with Rambler buyers during the 4-month period of government savings bonds (Series E) with a maturity value from \$3,679,850 (10% sales increase), to \$24,930,750 (50% increase). See chart for details.

BOTH CUSTOMERS AND AMERICAN MOTORS GAIN

You have everything to gain and nothing to lose by joining this crusade. The same is true for us.

You can't lose because Ramblers are better than big cars and the best of the compacts. Ramblers are more trouble-free, more useful, lower priced.

You make your regular deal in the regular way for a new Rambler. You then may share proportionately in the economies and profits of higher Rambler volume in December, 1960, and the first three months of 1961.

We gain by acquiring more Rambler owners, which will make our growing market even larger in the future. That's because Rambler owners become Rambler salesmen and are the most loyal "repeat buyers" of any make.

Ask your neighbor all about his Rambler, then join the Rambler crusade. Join us in focusing the nation's attention on the essentiality of equitably sharing economic progress with ALL consumers if the WHOLE NATION is to prosper.

George Romney

P.S. Some may say one company can't do much about national problems as big and complex as those cited above. Well, that's what skeptics said about Rambler's first crusade. Let's remember, every great thing is born small. If this new Rambler crusade is right, it can succeed and spread, just as the compact car concept did.

Mr. Romney's recent New York Press Conference on "Customer Sharing and the Nation's Economy" attracted nationwide notice. For complete text of his statements, write American Motors, Box 29, Detroit 32, Mich.

Monkeys are caught by filling a coconut shell with chopped coconut meat. The monkeys grasp a fistful and, unwilling to let any go, cannot withdraw their paws. So, they are easy victims. The U.S. consumer is not yet as scrawny as shown, but unless there is a more equitable division of the productivity increases, he will get that way. One of the three American groups must let go and set an example—or all will be captured and, along with the consumer, all will suffer.

O Mary, sweet virgin child,
Mother so fair,
Who watched over God's only
Son with such care,
Whose love kept him warm
through that far distant night
'Til the first Christmas dawn o'er
this earth shed its light—
Look down on a world
Grown troubled and drear,
On a world torn with strife
and trembling in fear,
On the many folds whence
sheep stray afar
Deaf to the Shepherd and
blind to His star.
Then speak to the Baby,
sweet Mother again,
And whispering low pray for
mercy to men,
That the light of His love and
His peace may once more
Bring joy to the world as
that star did of yore.

Villagers Hold Yule Party for Allendale

LAKE VILLA — Boys of the Allendale School for Boys and Ina M. K. Smith, in charge, extended appreciation to residents of the community for the Christmas party given last week for students of the school.
Gifts from Father Christmas were distributed. Women served refreshments and a program of entertainment was presented.

Holy Name Holds Christmas Party

LINDENHURST—The Altar and Rosary Sodality and the Holy Name Society of Prince of Peace Church in Lake Villa combined gave a Christmas party for the children of the parish Sunday in the church. A program designed with the children in mind was presented. "Princess Wishing Star" drew beautiful pictures, recited and presented her puppets. Highlight of the afternoon was when Mr. and Mrs. Santa Claus came in and shook hands with several of the little ones. They gave each child a plastic stocking filled with candy and a small toy.
The groups thanked everyone who contributed to help make the party a success. This includes all the business men and the parishioners who donated gifts of baby clothes to be given to St. Vincent's Orphanage, and to all people who helped. This was the most successful of all of their parties.

Four generations of the William Keulman family, of Antioch gathered recently to celebrate the 80th birthday of Mrs. William Keulman, who will be 80, Dec. 27.

Present at the gathering, in addition to Mrs. Keulman, were her daughter, Mrs. Irene Tiffany, Waukegan; her granddaughter, Mrs. Jean Krampert, Waukegan; and Kathleen Marie Krampert, 2-year-old granddaughter.

Born in Silver Lake, Wis., Olive was married to William Keulman on Nov. 27, 1901, and the couple took up residence in Wilmot, Wis. They moved to Antioch in 1903, where they lived in a home one block from Mrs. Keulman's present residence at 913 N. Main St., a spacious apartment above Keulman's Jewelry in one of three buildings in Antioch owned by the family.

In brief reminiscence of her life in Antioch, Mrs. Keulman recalled that the frame structure and barn now on the property occupied by her building at 913 N. Main, burned down in 1903, endangering a small shop which the couple had opened a few doors south.

Shortly afterwards, the Keulmans purchased the land, where the jewelry store is now located, and made preparations to build, with but \$100 capital. The present structure was completed in 1910, and houses the jewelry store operated

Masses on Christmas Day, as announced by the Rev. Alfred Henderson, will be at 6 a.m., 7:30 a.m., 9 a.m., 10 a.m., 11 a.m. and noon.

First Church of Christ Scientist

A regular schedule of Sunday morning services will mark Christmas Day at the First Church of Christ Scientist. Sunday School will convene at 9:30 a.m., followed by morning worship at 11 a.m.

Millburn Church Yule Services

The annual candlelight service Christmas Eve at 11 p.m. will open the Christmas celebration at Millburn Congregational Church, Dec. 24. Cookies and coffee will be served at 10 p.m. prior to the service.

On Christmas Day, regular services will be held at 10 a.m. There will be no Sunday School on that day.

Some 40 members of the Senior and Junior Fellowship and several adults have decorated the church for the Christmas season. They all joined in singing carols in the community.

Children of the Primary Department will present their annual Christmas program tomorrow evening at the church at 7:30 p.m. Santa will be there with treats.

Traffic Alert For Yule Weekend

Traffic safety experts predict some 500 Americans will die on U. S. highways over the Christmas weekend, unless extreme safety precautions are observed.

Mindful of this impending "slaughter," governor William G. Stratton has declared "Traffic Condition Red," an alert to remind motorists to use special driving care, effective Friday, Dec. 23, and continuing through the holiday weekend.

The governor urged motorists to keep the traffic toll down. "Possible bad weather, combined with carelessness and other factors involved in driving, such as excessive speed, failure to observe the rights of other drivers, etc., almost double traffic fatalities," the governor said.

Current Milk Price

Dairy farmers shipping to the Chicago market will receive \$3.84 per cwt. of base milk and \$3.75 per cwt. of excess milk for 3.5% butterfat milk delivered in the 70-mile milk zone in November. Differential for each one-tenth of one percent of butterfat above or below 3.5 per cent is 7.4c per cwt.

Some Days You Just Can't Win for Losing, Village Official Finds

The arrival of snow was greeted with mixed emotions this week by Edgar Simonsen, fire chief and superintendent of public works.

In his capacity as fire chief, the arrival of snow heralds an end to the rash of grass fires which has kept fire equipment unlimbered over the past few days. And any downturn in the number of fires is welcomed, indeed, by firemen.

While somewhat of a blessing as a fire deterrent, snow, on the other hand, means that Simonsen and his street crews spend their time on the road sanding, salting and snow removal. And the hours of the crews are as fickle as the weather.

In the midst of the first full-blown snow of the season Tuesday, snow removal crews were out from 10 p.m. until midnight sanding. Crews hit the deck at 4 a.m. Wednesday, and worked on salting and sanding until 10 a.m.

The snowfall wasn't heavy enough to warrant plowing, but just enough to cause hazardous driving, according to Simonsen.

On the other side of the coin, Simonsen and his fire crews were summoned to handle six grass fires last week: two in the Channel Lakes areas and one on Trevor Rd. on Monday, Dec. 12; two grass fires on Friday, Dec. 16, one in the Bluff Lake subdivision, Channel Lake, and a second on Rte. 173 across from the Ray Lasco farm.

Firemen went out again Saturday

to extinguish a grass fire across from the Old Orchard Inn, Rte. 21, and repeated the act again Sunday in Farins subdivision, Grass Lake rd.

The fire department was summoned Tuesday to extinguish a small fire in the girl's washroom of the Channel Lake Elementary School.

Since Christmas Day comes on Sunday, the Rev. Wallace Anderson urges all families to attend services at 9:30 a.m. Rev. Anderson announced there will be no worship service at 11 a.m. Instead, Sunday School will be held at 9:30 a.m. and the Worship Service will be held at the same hour.

Local Artist's Work Displayed

The works of a local artist, Mrs. Lucille Whitacre, second-grade teacher at Antioch grade school will be on display at Nielsen's Restaurant during the holidays.

The paintings are hung in the spacious dining room of the hostelry and feature charcoal, pastels, paintings in oil done with a palette knife and casein.

In what started as a hobby, and is now proceeding in a more serious vein, Mrs. Whitacre is currently working in "stills" under instruction at the Chicago Art Institute, where she manages to attend morning sessions when free of teaching duties.

The artist expressed a keen thrill at her first private showing, explaining that over the past several years she had entered paintings at various county fairs, and has been awarded several ribbons.

Winning approval and an award gives the artist a thrill, Mrs. Whitacre explained, "but none as pleasing as the first exhibit of one's work."

Mrs. Whitacre first started painting in a serious way in 1950, and has increased the tempo over the past several years.

In discussing her work, Mrs. Whitacre pointed out that stills are often difficult to paint as it is up to the artist to make the subject pleasing. "The viewer must be pleased," she feels, "or the artist has failed."

Nielsen's is located on Rts. 59 and Grass Lake Rd.

"DON'T BE MISLED!"

...says Patty Wood. Advertised statements about ham can be very confusing. Actually a "Ready to eat" ham, featured at an apparently low price, becomes less of a bargain when you lose all that weight through the long cooking that is required. Swift Premium fully cooked ham may be just heated and served with almost no waste, fuss, or shrinkage. Keep this in mind when comparing ham prices this week—you'll find Piggly Wiggly's Swift Premium ham really costs less!

County Junior Red Cross Members Spread Cheer During Holidays

More than 400 dozen Christmas
cookies have been baked by Lake
County Junior Red Cross members
for patients at Downey Veterans
Administration Hospital.

In other Christmas projects, JRC
members have made stuffed toys for
the children at Dixon State School.
Hundreds of nut cups, tree orna-
ments, place cards, stationery fold-
ers, and tray favors—all with a
Christmas theme—have been made
for hospitals and other institutions.
In addition, Junior Red Cross mem-
bers have prepared baskets for the
needy, collected wrapping paper and
ribbon for the Christmas wrapping
program at Great Lakes, and
formed groups to sing carols at
Christmas parties.

According to Mrs. John Kyndberg,
Waukegan, Junior Red Cross chair-
man, Christmas projects are only
part of the year long program for
Lake County youngsters.

During the coming months JRC
members will participate in a pro-
gram to build 25 weaving looms for
the Naval Hospital. They will take
first aid classes at night school ses-
sions in most of the county high
schools.

Other proposed projects for in-
dividual schools include an overseas
gift chest, an album or school ex-
hibit to be exchanged with a school
in this country or overseas, an inter-
national art exhibit to be followed
by a competition in local schools.

In March, JRC members will as-
sist in the annual Red Cross fund
drive. Later in the year, some ca-
pable members will be sent to train-
ing centers and to the national con-
ference to be held in Cincinnati, O.
Mrs. Kyndberg said: "All of the
programs in which Junior Red Cross
members participate are important
in teaching them to become useful
citizens. Our Christmas program

is particularly important because it
teaches them the importance of
helping others who, in most in-
stances, are not as fortunate as
themselves."

Two other Waukegan women who
have been especially active in the
JRC Christmas programs are Mrs.
Burton Diamond, assistant to the
chairman, and Mrs. Amanda Rick-
man, a Red Cross volunteer for
nearly 30 years.

Presenting details were John Counzelman, assistant to the county superintendent of Schools, W. C. Petty and Frank Tool, assistant to state superintendent of public instruction, George T. Wilkins.

Grant Rocks Antioch 75-42; Tourney Set

Antioch High's Sequoits ran afoul of Grant's Bulldogs here Friday night and dropped their third league game to the classy Ingleside five 75-42.

Off to an early 10-8 margin in opening minutes of play, Antioch soon fell victim to the smooth, all-around play of the Bulldogs and finished out the quarter on the short end of an 18-10 tally.

Led by Denny Haerle, Grant star who churned the net for 28 points during the course of the evening, the Bulldogs took charge of the court on offensive and defensive play, coming back with 21 points in the second quarter against 13 for Antioch, to lead 39-23 at the half.

Grant continued its romp during the last two quarters and laid a well founded claim to conference honors by racking up 20 points during the third quarter and 16 in the fourth.

Decisive factor was experience and ball control, with the rangy Grant cagers controlling the boards. Defensively, the Bulldogs worked a tight game, forcing the Sequoits to bank from way out for a low 28.6 per centage gained from 10 baskets in 56 attempts. Again and again, the Bulldogs were able to drive in close for layups, making a creditable 50.7 per cent of their shots with 34 sunk of 67 attempted.

Antioch turned in a creditable floor game working smoothly in the back court, but was unable to penetrate consistently the tight man-to-man defense thrown up by Grant. The Sequoits were allowed but one basket attempt per attack, as the Bulldogs grabbed off 34 rebounds to 21 for Antioch.

Grant's Haerle was top dog with 28 points, followed by 13 for Raffel and 10 for Bertollette. All Bulldogs broke into the scoring column.

Les Herbst, with 20, was high for Antioch, and turned in his usual fine all-around game. Bob Krieger, with 8, was another Antioch stand-out.

Burlington 5 Sinks Wilmot

Wilmot High's Panthers, hoping for a share of the conference title, ran into a buzz saw at Burlington Dec. 15, and dropped a 63-41 decision to the home team. Wilmot's loss to Burlington gives them a 2-2 league record and drops them into a fourth-place tie with Burlington in the Southern Lakes Conference.

Sinking a lowly 26 per cent of their efforts from the floor, the Panthers trailed 14-9 at the quarter and never did recoup. Bush with 17 and Rasch with 11 were high for Wilmot; Schmalzing led Burlington with 20 points.

ANTIOCH'S Les Herbst goes high to get one off in Friday's cage encounter here with the high-flying Grant Bulldogs. Sequoits Brian Elliott, 24, and Joe Pleviak, 12, close in to do battle. Herbst's efforts netted him 20 points for the evening, high for Antioch, as the locals bowed to Grant 75-42.

Sequoit Coaches Attend Clinic

Sequoit basketball coaches Larry Leon, varsity, and Roger Andrews, sophomore, attended the two-day Illinois High School Coaches' Clinic, Dec. 18-19, at the University of Illinois, Champaign-Urbana.

The sessions, stressing offensive-defensive play in professional and scholastic competition, featured talks by Harry Gallatin, coach at Southern Illinois University; Marv Harschman, coach at Washington State University; Gil Love, Ottawa high coach, and Ray Estes, Bridgeport high coach.

Gallatin, with his SIU squad demonstrating discussed professional-league play, based on his 18 years as a pro player, some 10 of which were spent with the New York Knickerbockers. Harschman discussed coaching techniques used in college ball, and hosted the more than 300 high school coaches at the Washington State-Illinois game Monday night, won by Illinois.

Love and Estes discussed various types of defense. Both coached high school teams ranked in the first eight in Illinois last year.

The meeting was sponsored by the Illinois High School Coaches Association.

Warren Edges Round Lake in Tight Battle

GURNEE—Warren's Blue Devils bounced into a first place tie with Grant for honors in the Northwest Suburban Conference by taking their fourth straight win, 77-73, in a tight thriller Friday with Round Lake.

Sparked by the accuracy of George Williams with 32 points, the Panthers stepped out to set the pace until the final quarter.

Round Lake jumped off to a 17-12 lead in the first quarter, led 31-29 at the half, and trailed the Blue Devils 54-52 at the start of the final period. It was a Donnybrook from there on in with the Panthers slipping ahead 59-54 with less than 3 minutes to go.

Warren finally moved ahead to stay 71-69, extended this to 72-69, which was narrowed by Baumgartner's bucket for the Panthers. Free throws by Beshel gave Warren a 74-71 lead, with Round Lake closing to 74-73. With several seconds to go, free throws by Lahey and Beshel iced the game.

Cassidy, with 23, paced the winners, followed by Flood with 18, Beshel 12 and Muehe 11.

Skating, Ice Fishing Underway with Freeze

The sub-freezing temperatures of the past week have caused many of the smaller lakes in the vicinity to freeze over, making them satisfactory for skating and ice fishing, a spot check of the area has revealed. Ice activities got underway last week, with the freezing of channels and creeks, with ice gradually extending into lakes proper with the continued cold.

However, fishing or skating on larger lakes is still not safe, particularly far out from shore. A continued cold spell should increase the depth of the ice within a few days.

Wauconda in Close 61-59 Win Over FL

LAKE FOREST—Wauconda held on gamely in Friday night's battle with Lake Forest to take its second straight conference win, 61-59. In so doing it went a long way to taking Bulldog followers' minds off the recent 30-game losing streak, broken by the previous week's victory over Antioch, and gives the club a .500 average in league play.

The Bulldogs were hot on the floor, hitting on 59 per cent of attempts during the first half, a fact which enabled them to overtake Lake Forest after the home team had come from behind twice to take over the lead.

A strong floor game and aggressive rebounding were key factors in the Wauconda win, and the 52 per cent shooting average is one of the highest of the season.

Wauconda jumped off to a flashy 20-8 advantage at the quarter behind Don Wasilas' 8 points, only to have the Lake Forest Scouts battle back to within two points by half time. The Scouts tied it up to start the second half, then dropped 12 points behind the Bulldogs, only to surge back in front once again. The third time was it, however, and Wauconda went ahead in final seconds to stay.

Locals Meet Palatine 5 Wednesday

Coach Larry Leon's cagers will journey to Bensenville Wednesday to compete in Fenton's holiday tourney in what fans hope will be the makings of better days ahead for the Sequoits.

Antioch will face the highly-touted Palatine High School squad in Wednesday night's opener at 6:30 p. m.

In an effort to sandwich maximum practice into a busy holiday schedule, Coach Leon plans extra-duty practice sessions through the remainder of the week, including Saturday, with cagers again working out Monday and Tuesday, with a pre-tournament warmup tentatively set for Wednesday.

This year's tournament will pit eight area high schools in an elimination-consolidation type meet, with the winners continuing on for top honors, and the losers meeting their opposites for consolation.

We say Merry Christmas to you with a charming yuletide story

The LOST CHRISTMAS

by Stanton M. Meyer

Folks hereabouts still call it the Big Road though there are some that are wider and newer and even longer nowadays. And if you perch on one of our overpasses, say between Carlisle and Bedford, you can see why. Stay there for an hour on any summer afternoon and you'll see the plates from almost every state in the Union go flashing past. But to really get the picture stand there at night and watch the trucks go by. Hear them growling up the long gentle grade near Fort Littleton, their headlights arrowing the mountain mist. Or see them in the westbound lanes, coasting out under your feet like great ghostly ships in the dark, their square sterns all lit up like Christmas trees. There go steel girders and guest towels; wrist-watches, live turkeys and printing presses; and wherever you live in the USA there's something in your home that's come over the Big Road, that's for sure. It carries the commerce of a nation and the Pentagon calls it the most strategic highway in the whole wide world.

I'm talking about The Pennsylvania Turnpike, and mind you spell that first word with a capital "T." Like the man says on TV, I work there. I'm a cop.

My beat is east of Bedford down to where the mountains end near the twin tunnels west of Carlisle. This is part of the original road before they put in the extensions and I've been working for the PTC since it opened in the fall of '40. I've been traveling the Big Road for twenty years. I've seen it gentle. And I've seen it mean. I remember a lot of things. Like the time we stopped traffic through the tunnels in '44 so the army could run through them with 41 big rigs, each loaded with thirty thousand pounds of TNT, and wondering what would happen to Tuscarora Mountain if one of them let go. Or the time we finally caught up with the Turnpike Bandit who had been sticking up cars and panicking drivers from Irwin to Gettysburg Pike. We spotted him because he was carrying a ticket two days old. But I remember best the Christmas we lost the Big Road . . . and almost lost Christmas, too. Because it was a Christmas without presents or holly or a decorated tree or even mistletoe. And no Christmas dinner even, unless you want to count a box of crackers, a pot of coffee and three candy bars. The only thing that made it seem like Christmas were the carols we listened to and the happening that was like the first Christmas of all.

If you look at a map of middle Pennsylvania you'll see why it's a trap for some of the craziest weather in the world. The mountains run in long, parallel, gently curving chains from northeast to southwest, with hardly a notch or gap for hundreds of miles. The Endless Mountains, the Indians called them. Those mountains have been responsible for a lot of things. They were responsible for the biggest battle ever fought in America because Lee's army came marching up one side of them and the Union army was hiking along the other and neither of them knew it till they ran into each other at a little place called Gettysburg. And those same mountains were responsible for what happened to us on the day before Christmas.

Most of us watch the weather on TV nowadays and we know that the big storm tracks move from west to east. That's not the kind of weather that bothers us on the Big Road . . . the snow snaps off the Allegheny Plateau, heading east, puts a white blanket on the ridge tops and sifts down to powder the valleys. We know it's coming twenty-four hours ahead and we have the plows and dozers and rigs to handle it.

But once in a blue moon a Gulf low will ooze a clot of heavy, warm, wet air and it will hug the Blue Ridge through the Carolinas and Virginia all the way up into Pennsylvania. And then, just at that same moment, a big, cold, dry high will come roaring across the Lakes out of Canada, whirling clockwise like a huge pinwheel. As it rolls across New York State an arm of that cold dry mass will dart without warning down the valleys between the Pennsylvania ridges until it meets the warm wet air. Then, brother, watch out! All hell will bust loose.

I was approaching Sideling Hill Tunnel, eastbound, at 3:37 PM on Christmas Eve when I heard a vast rolling peal of thunder beyond the mountain. It was nearly dusk and a kind of cloudy, coppery gloom. I switched to low-beam on my lights and tipped out

the mile-long bore. Before I got to the other end I knew something was funny. I couldn't see daylight ahead at all . . . just a big black turmoil which reflected white off my headlights. I drove out into the maddest, wildest snowstorm I have ever seen. A feather-bed twenty miles square and a mile thick had exploded in the sky with a hundred-million electric fans blowing it every which way. I pulled over, my Mars light flashing, and slapped on my chains. Then I picked up my mike and spoke to Pete at Bedford control.

"This is a dinger. Four inches already and starting to drift. Wind northeast, estimate thirty-five, gusts fifty-five. Better alert traffic west of Sideling. I'm moving east."

"Roger," said Pete. "Shall I call Jean to hold dinner for you?" I was due off at seven.

"In a pig's ear. This could be a flurry or it could go all night. I'll keep in touch. Out." I tossed the mike onto the seat. Traffic was hugging the outside lane, crawling, the cars instinctively hunting shelter in the lee of the huge eighteen wheel rigs. The inside lane was clear except for the roaring whirl of the blizzard itself and my car bored through the murk.

A mile beyond, the eastbound line of cars and trucks was turning slowly into the parking of a Howard Johnson. Now I would have the road to myself. I sure hoped so because the drifts were already starting to build up, a foot-and-a-half, two feet deep on the concrete. I drove slowly, searching the westbound driveway with my spotlight. There were no cars. I checked with Carlisle control.

"Okay, 92," said Carlisle. "Patrol to Fort Littleton. East of Fort Littleton interchange all traffic is clear and off the pike. We're holding traffic now at Tuscarora Mountain. Snow is light east of there. Repeat, patrol to Fort Littleton and get to hell off. It looks like we're going to lose the road."

Even with chains now it was very heavy going. The pavement would be clear as a dance floor in spots. Then I would have to hunt through three foot drifts. Far away at my right, down beyond the Maryland line, a December thunderstorm was blasting away, its local turbulence sucking the northeaster greedily into the valley. I could hardly see. The familiar road was foreign and strange. And believe me, that's frightening. I've seen her gentle . . . I've seen her mean, I thought. Now she's so mean I can't even find the son of a gun.

Across the road on the westbound shoulder I spotted a drift too big to be a drift. I swung across the median and stopped alongside. It was a sedan. Man and a woman inside. The man looked frightened in the flashlight beam. "Officer, can you get us to Bedford?" We got to get to the hospital there. My wife is going to have a baby." He turned to the woman beside him. "The pains. Are they closer together?" He seemed more scared than she. A little wisp of a woman, only her eyes and her blonde hair were visible above the blanket which covered her. "About twelve . . . no, ten minutes apart," she said and her eyes followed me as I moved. Bedford? They'd be lucky to get a quarter of a mile in the storm. The snow was now two feet deep and drifting higher. "What's your name?" I asked. "Carlson. Jim Carlson," the man said.

I called Bedford control. They said we'd lost the road. They said they'd have a snow cat, a tracked vehicle sent for us. If they could reach it. It was somewhere out in the blizzard. Without a radio. Meanwhile do the best I could. They'd get a local doctor at their end to give me advice over short wave if I needed it. The rest of it was in the book. Which meant in my head.

We all got into my car. Two miles east was an emergency PTC garage, unmanned on Christmas Eve. If we could reach it. First time I ever drove east on the Big Road in the westbound lanes. It took us half an hour through the drifts, through the whirling, screaming storm, but reach it we did. It had a tow truck, a stove, a phone, an electric plate, a coffee pot, a kettle (thank God), a work bench and a radio. It was better than a stable. It had electricity. We moved inside. I brought the stretcher and the medical kit from my car. Then I went back and got a jar of instant coffee, a box of crackers and

three candy bars and brought them in, too. The wind tore at my clothes as I struggled the twenty feet.

I lifted the phone. "Operator," I said. "Get me the Pennsylvania Turnpike Commission police station in Bedford. And keep this phone open if you have to tie up your whole damn switchboard." Then I got Mrs. Carlson to lie down in the stretcher and Mr. Carlson and I hoisted the stretcher up on the top of the work bench. Her pains were coming fast now. I took off my tunic and rolled up my sleeves. "Carlson," I said, "get a fire going in that stove and then melt and heat some snow water. And then rig that light over this table here." I figured keeping him busy was the best thing I could do for him.

I didn't need the doctor, but it was sure wonderful just to know he was there at the other end of the line. I delivered the baby at four minutes to twelve, normal delivery, no trouble at all. A good looking boy kid, seven pounds, give or take half a pound and he yelled louder than the storm. We washed him and dried him and I wrapped him in my spare shirt (coats carry everything) and the blanket and he went to sleep near the stove like a baby, which he was.

Then we turned on the radio and there were Christmas carols and I got lonesome for Jean and the kids and started to call her. But then I realized how late it was and hung up. I knew Pete had told her not to expect me. And Carlson and I heated some more water and made instant coffee and we had crackers. Mrs. Carlson said she wanted some, too. We left the radio on, playing softly. Mrs. Carlson went to sleep and Jim sat down next to her and held her hand and dozed off. I clambered up into the cab of the tow truck and took my shoes off. From where I sat, I could just manage to see the baby asleep in my shirt and the blanket in a tool box lined with newspaper. And I felt kind of good. A garage is better than a stable. The stable didn't have a hot plate. Maybe not even a stove.

I didn't sleep much. I was worried about my car. By daylight I couldn't even find it. It was up above the roof line in snow. So I couldn't radio in but I got the operator on the phone and called Bedford control. Pete's relief, Joe Martin, said the road was still closed and asked if we needed a helicopter. I told him I couldn't see a square foot where the thing could land and he said they would probably have the snow cat to us in a couple of hours, anyway. Just sit tight.

We listened to more carols on the radio and then at the news broadcast . . . it said we'd lost the Big Road

and told about the people at the Howard Johnson being hungry because they'd eaten up all the food in the place and it told about Mrs. Carlson and her baby and about me bringing it. Al Hansen, Mrs. Carlson said, "I didn't know your name was Al." And Mr. Carlson said, "You must be a Scandihoovian, too." And I said yeah. Then we had some more instant coffee and crackers and we each ate a candy bar. And I thought about Jean cooking the turkey and I looked out at the snow and where the Big Road had been there was just one tremendous sheet of white about six feet deep and the snow was almost stopped and down at the turn I could see wolf tracks. Imagine, wolf tracks on the Big Road.

Pretty soon the snow cat came clattering up. We all got in and made it back to Sideling Hill Tunnel in about an hour. There was an ambulance at the west portal and it took the Carlsons in to Bedford. I drove back with Art Levy in his patrol car—he'd taken off Chanukah the week before and was spelling one of the boys for work Christmas. I reported in and a guy from the papers was there. He took my picture. Then I signed off and went home.

I told Jean to let me sleep till six and save me some turkey. But she let me sleep the clock around. "Wake up, you big lunk," she said, "it's morning."

I sat up and yawned. Then I remembered. "I lost my Christmas," I said. "I lost Christmas, Jean."

She came over and kissed me. "No you haven't," she said. "We saved it all for today. I'm putting the turkey on to roast now. We all ate frankfurters yesterday. Hurry and get up. The kids want their presents."

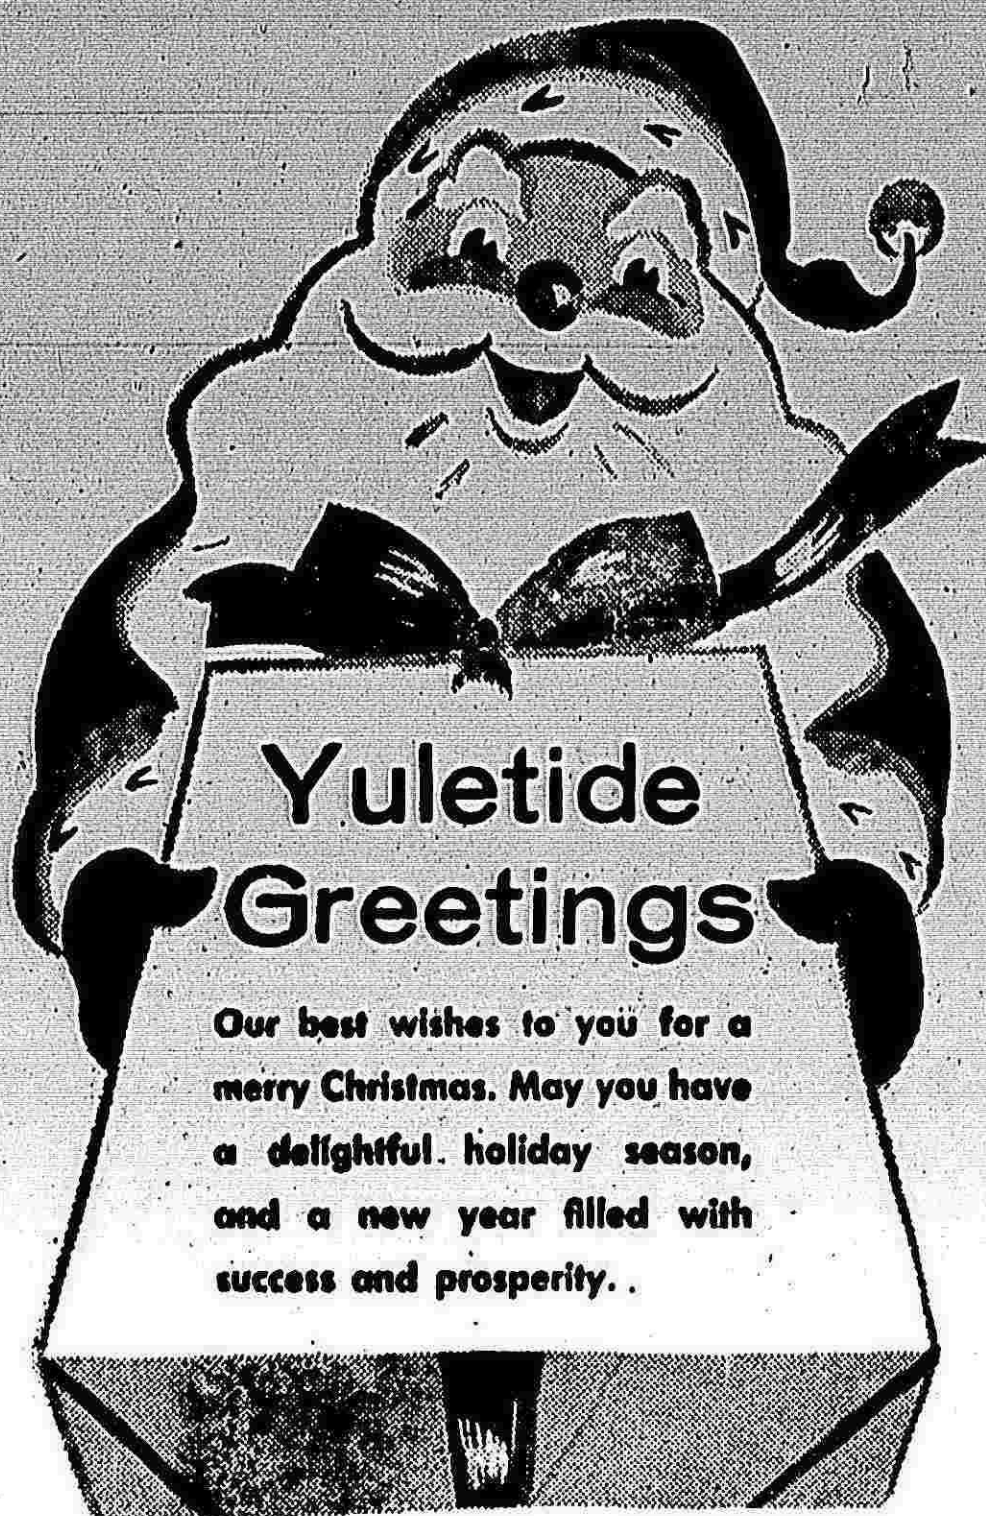

I swung my feet out of bed and looked out the window. The sun was shining and the snow was like my mom's tablecloth that she brought over from Sweden. From where I sat I could see the ramp to the Bedford interchange. Cars were rolling up it. Lots of them were eastbound. The Turnpike was open. We had the road back again.

"Hurry up," said Jean. "And Mrs. Carlson called a while ago. They've named the baby Al, after you. She wanted you to know."

I looked at the cars going up the ramp to the toll booths. People were driving places again. The trucks were rolling, too. I thought of the Big Road. Sometimes it's gentle. Sometimes it's mean. Today it was gentle as a baby's smile. Then I smelled something cooking. Turkey. Oh—how

Merry Christmas

When the Christmas bells are tolling, the holly's hung, the
presents wrapped, the punch bowl filled . . . 'tis the time
to pause and remember the wonderful, the joyful year
that's past. Time to hope and pray for a New Year filled
with pleasure, prosperity . . . and, most of all, peace!
